The Honorable Xavier Becerra
Member of the House of Representatives
2435 Colorado Blvd., #200
Los Angeles, CA 90041

Dear Representative Becerra:

Over the next few weeks, the CALFED Bay-Delta Program will be conducting a series of eight public meetings throughout the state. At these meetings, we will be seeking public comment and providing the public with information on the statewide impacts of environmental and water management problems related to the Sacramento-San Joaquin Delta and San Francisco Bay. We will also discuss our efforts to address these problems. We have enclosed a schedule of these public meetings for your information.

The CALFED Bay-Delta Program is a unique consortium of state and federal government agencies and public advisory committees working on a comprehensive solution to Bay and Delta problems, with an emphasis on ecosystem restoration, water quality issues, water supply and water use efficiency issues, and the structural integrity of Delta levees. Any viable solution to these problems will require significant public support, so the Program is focussing on efforts to increase the general public's knowledge of Bay-Delta issues and the CALFED Program. The public meetings listed in the enclosure are designed to provide informal, open-house sessions where the public can learn about issues of interest to them in a relaxed atmosphere with plenty of opportunity for questions and answers.

We welcome your and your staff's participation at these public meetings. Of course, we are available to provide briefings to you or your staff if you desire.

Please call me at (916) 657-2666, or Daniel McCarroll, CALFED legislative coordinator, at (916) 657-5704 if you have questions or comments regarding the meetings or any other aspect of the CALFED Bay-Delta Program.

Sincerely,

Lester A. Snow
Executive Director
